

Alcohol and Drugs policy

Policy statement

It is my policy to keep children safe whilst in my care. I will ensure that neither I, my staff nor anyone else who has contact with the children whilst at my setting is under the influence of alcohol or any form of drugs (including some prescribed medication) which may affect our ability to care for children.

I will ensure that anyone who has contact with the children who is taking medication will seek medical advice to confirm that their ability to care for the children will not be impaired.

I will ensure that alcohol and other drugs are kept safely out of reach away from children.
