

HOUSE RULES

Take care of furniture toys and resources.

Be kind and polite to each other - treat other children as you would to be treated yourself.

All toys and equipment are for sharing: everyone takes turns and shares.

Wash hands before meals and after using the bathroom.

If there has been an incident that has caused upset, discuss.

Any unwanted behaviour, following discussion, may result in a 'time-out' (time away from other children and toys).

Discussed and decided with the children.
